

Curriculum Vitae

Manuel Acevedo

Consultant and researcher in ICT for Development, Knowledge Management and Development Networks

Date and place of birth: Madrid, Spain; 5 June, 1963
Address: Vidt 1966, 2ºB
1425, Buenos Aires, Argentina
Telephone: +54-11-4829.0413 ; mobile: +54-911-15.6829.9401
Skype id: macevedoruz
E-mail: manuel@manuelacevedo.net
macevedoruz@gmail.com
Citizenship: Spain

LinkedIn profile: <http://www.linkedin.com/pub/manuel-acevedo/3/460/759>

EDUCATION

- 10/09 – **Universidad Politécnica de Madrid (2009)**
Ph.D. candidate, Information Society – ICT for Development - Development Networks
- 7/02 – 12/04 **Open University of Catalonia (Barcelona, Spain)**
Masters in Information Society studies
- 9/03 – 3/04 **International Institute of Governance and UOC (Barcelona, Spain)**
Program on Electronic Governance: e-Administration, e-government services and digital democracy. Offered by the Virtual School of Governance of IIG, in collaboration with UNESCO.
- 9/88 - 12/90 **University of California at Berkeley (Berkeley, USA)**
Master of Engineering (M.Eng.) in Mechanical Engineering, specialized in Environmental Engineering (Pollution Control) and Heat Transfer.
- 9/81 - 6/85 **California Institute of Technology (Caltech) (Pasadena, USA)**
Bachelor of Science (B.S.) in Engineering and Applied Science, specialized in Energy, Fluid Mechanics and Heat Transfer.

RESEARCH TOPICS

- o Digital Inclusion / Digital Divide
- o Networking for Development / Multistakeholder Cooperation Networks
- o ICT Mainstreaming into Development Cooperation
- o Information Architecture / Knowledge Management
- o Applications of ICT to Development areas primarily in education, health, and governance
- o Information Society and Human Development strategies
- o Volunteering for Development – Online Volunteering
- o Corporate Social Responsibility

PROFESSIONAL EXPERIENCE

8/03 - Independent Consultant (Buenos Aires, Madrid)

- ⊙ Lecturer on ICT4D Development in Masters in Development and post-graduate programmes in various Spanish universities: Basque Country University (UPV), Polytechnic University of Madrid (UPM), *Universidad Complutense de Madrid* (UCM), Spanish National Distance University (UNED) – online, International University Menéndez Pelayo (UIMP), University of Santiago de Compostela and University of Cantabria. Ongoing since 2003, ongoing.
- ⊙ Research into social impact of 1:1 school models in Argentina’s national program ‘Conectar Igualdad’, as associated researcher in the Universidad Nacional Tres de Febrero (UNTREF) – in Buenos Aires province. (Feb 2011-onwards). Also, adviser to this university’s international cooperation program.
- ⊙ Project monitoring for EuropeAid in Brazil, following the results-oriented monitoring (ROM) methodology of the European Union. Part of a team of monitors put together by EPTISA (a consulting firm) and the Polytechnic Univ of Madrid (UPM), examining a sample of EuropeAid’s projects in that country (May 2011)
- ⊙ Academic coordinator of International Meeting about “University, Technological Cooperation and Human Development in Bicentennial Argentina (2.00). National University Tres de Febrero (UNTREF), Buenos Aires province, Argentina. <http://www.untref.edu.ar/seminario-int-universidad.htm> (April 2011)
- ⊙ New course offerings on ICT4D at UNDP’s Virtual Academy in LatinAmerica (located in Bogota): design of curricula, preparation of course materials and other resources; lecturer and coordinator of the courses. Two editions, May-Aug 2010, Nov 2010-March2011.

- ⊙ Conceptualization of a new web platform on Climate Technologies, for UNDP, JIN (Joint Implementation Network), ECN (European Climate Network) and UNEP. Planning of actions at short, medium and long term. (Sept 2010).
<http://climatetechwiki.org/>
- ⊙ Evaluation of the IDRC Latin America and Caribbean ICT4D programme, Connectivity and Equity in the Americas – Institute for the Connectivity of the Americas (CEA-ICA) (2006-2010). Member of a external panel undertaking an external review of IDRC’s extensive portfolio in the region (Feb-Sep 10)
- ⊙ Academic Coordinator of ‘*Cooperation 2.0 – International Encounter about ICT for Development Cooperation*’. The event, held in Gijón (Spain) deals with advanced topics in ICT4D, focusing in particular in those more closely related to the work of development cooperation. Three editions held, Feb 2008, Feb 2009, Mar 2010. Responsible for program design, identification of featured guests, and preparation of contents.
<http://encuentro2010.fundacionctic.org/>
- ⊙ Evaluation of the HIVOS¹ Information and Media programme (2005-2009); part of the team of Span Consultants (Netherlands) that undertook the evaluation; it included field research in Malawi and Mozambique. (Jun – Nov 09)
- ⊙ Advisor to the Universidad Politécnica de Madrid (UPM) on the design of a new university institute focused on development, which will coordinate present cooperation activities from several schools within UPM. It includes the evaluation of university dev. coop. programmes and activities. (Jan – Jun 09)
- ⊙ Coordinator and editor of a guide for telecenter networks management, for telecentre.org (an initiative of the Canadian organization IDRC). It includes various topics (ie. contents and services, management methods, sustainability, inter-network collaboration, etc.). (Jan-Nov 09)
- ⊙ Advisor to the CTIC Foundation (Asturias, Spain), an organization focused on ICT and Society, on the design and establishment of a new laboratory focused on ICT innovation for development. (Sep 08 – Mar 09)
- ⊙ Researcher for a study on advanced Corporate Social Responsibility (CSR) trends for the Spanish ‘Network for CSR’ initiative that involves people from the university, business and civil society sectors. Emphasis on strategic CSR and its relation with Human Development and international cooperation. (Sep-Dec 08).
- ⊙ Resource person for a Latin American workshop held by IICD and APC about development networks: preparation of content, data analysis, presentations and systematization of workshop results. (Jul 08)
- ⊙ Evaluation (ex-ante) of an e-government project for UNDP Argentina and the Buenos Aires city government. (Jun 08)
- ⊙ Researcher in a large scale investigation project for the ‘Building Communications Opportunities’ Alliance to assess the impact of their ICT-related initiatives; undertook two investigation components in Ecuador on (i)

¹ HIVOS is one the largest Dutch NGO (www.hivos.nl/eng)

- 'ICT, markets and livelihoods' and (ii) the assessment of a ICT for Development (ICT4D) national network (Infodesarrollo.ec). (Feb-Apr 08)
- ⊙ Senior Advisor to the Ministry of Communications of Argentina (SECOM) for the preparation and launching of a Strategic Plan 2007-2010 for the National Programme on the Information Society (PSI) (Jun 07 – Mar 08); earlier assistance in the formulation of a SECOM-UNDP project document for the institutional strengthening of PSI. (Feb – Apr 07).
 - ⊙ Co-author of a guidebook about the integration of ICT into Education for the Department of International Cooperation of the Spanish Ministry of Foreign Affairs (SECI/MAEC) (Aug 07 – Feb 08)
 - ⊙ Formulation of a integrated programme on Volunteering for Development for UNDP Trinidad and Tobago (Aug – Sep 07)
 - ⊙ Lead Consultant on strategic planning for the Arab States, Latin America and Caribbean (ARLAC) unit of the UN Volunteers (UNV) programme, leading to the preparation of ARLAC programme documents adapted for a new UNV Business Model and Results Framework. (Feb – Jul 07)
 - ⊙ Evaluation of the programme partnership on ICT and Development between HIVOS (a large Dutch NGO) and the International Institute of Communications for Development (IICD), also from Holland. The evaluation included their joint work in Zambia and Ecuador. (Oct 06 – Jan 07)
 - ⊙ Study about civil society networks in Spain, and network analysis of Spanish Confederation of Developmental NGOs (CONGDE) (July 06)
 - ⊙ Preparation of a report about ICT, Development and Intl. Cooperation for the Spanish Confederation of Development NGOs (Mar 06)
 - ⊙ Main author of a 'Guidebook for Mainstreaming ICT into Spanish International Cooperation' for the Spanish Ministry of Foreign Affairs and Cooperation. (Nov 05 - Feb 06)
 - ⊙ Evaluation for UN Volunteers and UNDP of the Youth Corps (*Corpo Jovens*) project in Cape Verde, aimed at placing volunteering as a resource linking environmental protection with poverty reduction (via income generation), by appealing to young people. (Sep – Nov 05)
 - ⊙ Coordinator of research about Immigration and Digital Inclusion in the project '*Madrid Entre 2 Orillas*' (Madrid Between 2 Shores). ME2O is part of the EU's EQUAL programme, and deals with the socio-economic integration of immigrants in Madrid. (Apr 2005 – Jul 2007)
 - ⊙ Workshop about Volunteering and Network Capital at the 2004 IAVE (Intl. Association of Volunteer Effort) World Conference, in the Barcelona Forum 2004 (Aug 04)
 - ⊙ Evaluation for UNDP Argentina of the 'White Helmets Initiative', on its first 10 years of operation. WHI is a programme led by Argentina and formally supported by the UN, oriented towards humanitarian assistance around the world (Jul-Aug 04).

- ⊙ Paper for UNDP on the applications of ICT in the HIV/AIDS context. (Oct 03)
- ⊙ Representation of UNV at the World Summit for the Information Society, including preparatory meetings and the final December 2003 event. Preparation of a substantive publication on Volunteering, the Information Society and ICT for Development. (Sep-Dec 03)

2/98 – 8/03 United Nations Volunteers (Bonn, Germany)

Coordinator, e-Volunteering Unit (11/00 –08/03)

Leading a new unit composed of six professionals, created at UNV to increase the agency's participation in the ICT for Development area. Managing two special programmes: (1) UNITEs (United Nations Information Technology Services), a new global UN initiative to mobilize ICT volunteers on the opportunities of ICT for developing countries; (2) Online Volunteering (with Netaid.org), a service to facilitate volunteering for international development through the Internet. Participated in the World Summit on the Information Society, as UNV's representative. Co-chairman of the Human Capacity and Resource Development Committee at the UN ICT Task Force.

Responsible for setting and implementing strategies on programme formulation, establishing partnerships, resource mobilization, marketing and communications, and web centric services. Advisor to senior management on ICT for Development policies, volunteer networking, and development cooperation in the context of the Information (or Network) Society. .

Environmental Specialist / Focal Point for ICT and Development (02/98-11/00)

At the Strategy and Research Unit, overall responsibility for developing and advancing corporate strategies in the area of Environment. Contributions to the formulation of new programmes/projects. Establishing programming partnerships with institutions inside/outside the UN System. Substantive support to projects and backstopping to UNV staff overall.

Initiating an area of work for UNV ICT for Development, including projects and activities. Developing a mid-term corporate strategy to respond to increased global attention to the digital divide, in order to establish ICT for Development as a new corporate priority for UNV. Involvement in definition of new corporate information services policies.

Establishment of a database for documentation/learning from project experiences. Design of new tools related to programming and project development for UNV Programme Officers.

9/96 – 1/98 United Nations Development Programme HQ (New York, USA)

Regional Programme Officer, Environment

Working in the Division for the Regional Programme, Regional Bureau of Latin America and the Caribbean, at UNDP's headquarters. Overall responsibility for the Bureau's regional activities on environment and development. Support to regional Global Environmental Facility (GEF) projects. Work on updating

information systems and information management strategies for the Bureau, including initial stages of an intranet for the Regional Bureau. Formulation of a proposal for a hemispheric portal on sustainable development (Plaza 21). Focal point for the application of ICT to development cooperation, and for the "Science and Technology" areas of the Regional Programme. Regional focal point for Capacity 21 (programme within UNDP related to capacity building for the implementation of Agenda 21). Contribution to formulation and approval of projects, backstopping for country offices, monitoring and evaluation.

7/94 - 7/96 United Nations Development Programme Cuba (Havana, Cuba).
Junior Programme Officer (JPO)

Responsibility over several projects supported by UNDP and implemented by Cuban institutions in the fields of science and technology. Focal Point for Water and Sanitation, and Disaster Management. Collaborated with the Environment Officer. Responsibility over the areas of ICT, Technology Transfer, Regional Projects, Human Rights. Contributing author to the first Human Development Report in Cuba. Programming contribution to the next UNDP country cycle in Cuba (1997-1999). Lead role in design and developing of the first UNDP-Cuba website. Fostering relationships with the NGO community, particularly geared to bolster working relationships between UNDP and the European Community.

5/93 - 11/93 Environment, Transport & Planning – Radian Corp. (Madrid, Spain)
Environmental Specialist, Industrial Environmental Dept.

Participation in various projects and studies, including:

- ⊙ Development of a software program and its user manual for the management of toxic and dangerous wastes
- ⊙ Modeling of pollutant dispersion from a large refinery
- ⊙ Environmental audit of bottling plants in Brazil and Colombia
- ⊙ Study on the "Effect of the Eco-business on traditional industrial regions in decline", for the ENVIRONMENT program, European Commission, DG XII

10/92 - 4/93 SAINCO (Madrid, Spain)
Environmental Engineer

Design and installation of air and water quality monitoring systems. Responsible for preparing proposals and maintaining contacts with clients. Liaison with foreign companies. Definition and evaluation of technical characteristics of new equipment and market exploration.

4/91 - 4/92 Universidade Federal do Rio de Janeiro (U.F.R.J.), FUNDACENTRO, São Paulo (Brazil)
Rotary International Foundation Fellow

Overall function as 'Goodwill Ambassador', maintaining contacts with members of government, business, academic and grass-roots communities. Combined this function with research on two environmental topics:

- ⊙ Indoor pollution caused by woodstoves in small villages of the state of São Paulo.
- ⊙ Comparative study of mobile source pollution in Brasil and other countries.

6/89 - 12/90 Lawrence Berkeley Laboratory (Berkeley, USA)
Research Associate, Windows and Daylighting Division

Work on the thermal characteristics of new prototypes of highly energy-efficient window systems. Design and performance of experiments with Infrared Thermography. Validation of modeling results with experimental data. Results included in the software program WINDOW 4.0 and subsequent versions, developed by the laboratory.

8/86 - 8/88 IBM (San Francisco, USA)
Systems Engineer

Technical support to the sales team and to customers on the definition and implementation of computer solutions, with particular emphasis in engineering and scientific computing, as well as systems connectivity (LANs, WANs, Ethernet, Token-Ring, etc.).

9/85 - 8/86 IBM (Tucson, USA)
Manufacturing Engineer

Overall responsibility for the production of the control unit of IBM's 3480 (magnetic tape cartridge subsystem). Management of the production team: assembly floor, design engineers, quality control and procurement departments to ensure reaching goals of production quality and quantity.

6/84 - 9/84 Jet Propulsion Laboratory (Pasadena, USA)
Summer Undergraduate Research Fellow (California Institute of Technology)

Research project for the design and construction of an experimental facility for a water channel to examine the formation and characteristics of shear mixing layers, and resulting vortex structures. Use of Laser Induced Fluorescence (L.I.F.) techniques for the visualizations and filming of the flow.

6/83 - 9/83 Kitsuda Engineering (Hiratsuka, Japan)
Summer Co-op student

Participant in a pioneer program formed by a medium-size automobile parts manufacturer and Caltech. Use of advanced manufacturing and workshop equipment, such as numerically controlled mills and lathes, and welding robots.

OTHER PROFESSIONAL ACTIVITIES

Associate Editor, **International Journal of Information Communication Technologies and Human Development**; www.igi-global.com/ijcthd

Member of the Poverty Group of **Aula Solidaridad**, Spanish NGO concerned with disseminating knowledge and stimulating awareness about Development and ending poverty.
<http://www.aulasolidaridad.org/>

Member of **RSC en Red**, a multisectoral network of professionals initiated from the School of Industrial Engineering of the Polytechnic University of Madrid (UPM). We aim to improve and extend Corporate Social Responsibility for international development, using network approaches. <http://www.rscenred.net/>

INFORMATION TECHNOLOGY SKILLS

Hardware and OS: PC, Macs, prior experience with engineering workstations and mainframes

Software: Office applications, Adobe Acrobat, Microsoft Project, Dreamweaver; groupware (Yahoogroups, Smartgroups), Virtual Learning Environments (ie. Moodle), other web 2.0 applications (blogs, Twitter, YouTube, Facebook, Google Docs, etc.); graphic applications (Google Earth, MindMaps, Gpaminder, etc.)
prior (outdated) experience in CAD/CAE/CAM packages.

LANGUAGES

English, Spanish (mother tongue), fluent; Portuguese, quasi-fluent; French at low level.
